

# Meet the ADDMAN Leadership Team

Dive into the core of ADDMAN, where vision meets precision, innovation intersects with expertise, and leadership paves the way for groundbreaking achievements. Our executive team embodies the spirit of forward-thinking and relentless pursuit of excellence that defines every facet of our operations.

Below, you'll find the faces and key responsibilities of those who steer the ADDMAN ship towards new horizons, crafting tomorrow's solutions today.

**JOE CALMESE**

President & Chief Executive Officer

Joe spearheads the company's strategic direction, fostering innovation and growth at every level.

**Mark Saberton**

Founder & Chief Technical Officer

Mark is the visionary behind our engineering and research initiatives, driving our core technical strategies.

**Chris DePonte**

Chief Financial Officer

Chris safeguards our financial integrity, ensuring sustainable growth through strategic financial planning.

**Greg Pilon**

Chief Revenue Officer

Greg leads commercial strategies, leveraging extensive experience in aerospace and defense to drive revenue growth and strengthen customer partnerships.

**Vincenzo Furbini**

Chief Operating Officer

Vincenzo oversees operations across all 7 ADDMAN locations, ensuring efficiency and excellence in our processes and delivery, while maintaining the highest standards of operational excellence.

**Jay Dinsmore**

Executive Vice President

With a 25-year tenure in 3D printing, Jay is a well-respected thought leader in the industry and drives strategic initiatives that enhance our competitive position.

**Mike Albright**

Chief People Leader

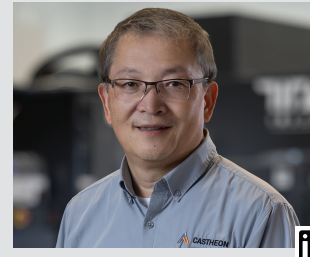

Mike cultivates our organizational culture, focusing on talent development and employee engagement.

**Deven Suthar**

VP of Strategy & Corporate Development

Deven charts our path forward in growth opportunities and corporate strategy, leading merger and acquisition (M&A) activities to strategically expand our capabilities and market presence.

**Dr. Youping Gao**

Chief Scientist & EVP of Technology

Leveraging a rich history in material science, including the notable accomplishment of facilitating the first 3D printed part in manned spaceflight, Dr. Gao spearheads our pursuit of pioneering scientific and technological breakthroughs.

**Chandler Stillman**

Director of Marketing

With a focused background in industrial marketing, Chandler excels in lead generation and brand promotion, using her experience to effectively engage and grow our target audience.

**Tim Brasher**

Sr. Director of Market Development

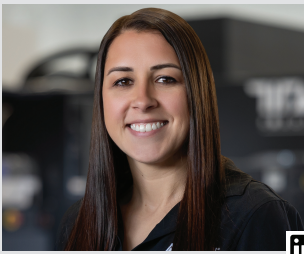

Tim manages our ADDMAN alliance and OEM relationships while championing internal AI initiatives, leveraging partnerships and cutting-edge technology to drive market expansion.

**Aaron Tremblay**

Sr. Director of Information Technology

Aaron is the architect behind our IT infrastructure, ensuring robust and secure systems.

**Heidi Jensen**

Executive Assistant

Heidi is the organizational powerhouse, supporting our leadership team and facilitating operational efficiency.
